HELPFUL ASCA ENTRY INFORMATION

ENTRY LEVEL

If your dog is completing in an open, advanced, excellent, masters, or elite level in another recognized agility venue, then you may enter the corresponding level at this trial. However, if you are registered with ASCA and want to earn ASCA titles, it is recommended that you begin in the novice level as all points earned will first be applied toward the earning of any titles at the novice and/or open ASCA levels. In the event your dog qualifies at a higher level then it cannot compete at a lower level.

REQUIRED MEASUREMENTS

Dogs entering the standard division jump height classes 20" or less (with height less than or equal to 20"), that do not have permanent ASCA, AKC or NADAC height card must be measured. All dogs that require measuring must present a permanent height card or be measured before the dog's first run of the trial.

If a dog was not measured and competed in a jump height class lower than eligible for any qualifying scores **AND PLACEMENTS** earned at the incorrect jump height are forfeited. The only exception is a 20+" dog that competed in the 20" jump height class. That dog will be moved immediately to 20+" and all placements earned will be forfeited.

Any dog that measures higher than the entered jump height for that trial has two options:

1. Move dog to the higher jump height
2. Run in the entered jump height, but move to the FEO division(For Exhibition only)

Any dog that cannot be measured for any reason must jump 20+" or move to the FEO division (enter at the desired jump height) for the trial.

Copies of approved height cards may either be mailed with trial entry form or presented at trial check in. Trial secretaries may note a dog's height card as "on file" for future trials hosted by the same affiliate to avoid having to re-verify a dog's height.

The trial judge of record has the right to re-measure a dog believed to be running in the wrong jump height class at any time. In the event of a question concerning a dog's actual height, the exhibitor must re-present the card or the dog to verify the actual height.

Divisions, Levels, and Classes

The ASCA certification structure is based upon **classes**, divisions and *levels*. The certification **classes** are **Regular Agility, Jumpers and Gamblers** classes. The divisions offered are Standard, Veterans, and Junior Handlers. The three levels offered are *Novice, Open and Elite*.

Divisions:

Standard Division-Entry Requirements

The Standard Division is open to any dog aged 18 months or older. A handler may not enter a dog in more than one division of the same class on any one day of a trial.

Veterans Division-Entry Requirements

The Veterans Division is open to any dog age seven (7) or older, or any handler aged 60 or older, or any handler who has a certificate of disability. The dog's age shall be determined by the dog's actual birthday or the closest date as known. The handler's age shall be determined by a birth certificate or any valid document giving date of birth. Disabled handlers shall present a copy of their disabled parking permit or a letter from their doctor. Dogs entered in the Veterans Division classes will jump 4" lower than their regular jump height. Course times for dogs entered in the Veterans Division of the Regular Agility and Jumpers classes shall be 10% greater than the SCT for the Standard Division. The gamble time in the Veterans Gamblers class shall be two seconds longer than the gamble time for the Standard Division. The maximum course time shall remain the same as the Standard Division.

Junior Handlers Division-Entry Requirements

The Junior Handler Division is open to any dog that is being handled by a junior handler who is 17 years of age or younger. Dogs entered in the Junior Handlers Division classes may choose to jump 4" lower than their regular standard jump height. Standard course times for dogs entered in the Junior Division of the Regular Agility and Jumpers classes shall be 10% greater than the SCT for the Standard Division. The gamble time in the Junior Gamblers class shall be two seconds longer than the gamble time for the Standard Division. The maximum course time shall remain the same as the Standard Division.

Levels:

Novice Level

The Novice level is the first entry level for every class. The Novice level is for any dog which has not yet earned ASCA certification in a particular class. The purpose of dividing any class level into A/B categories is in the fairness of competition. If the dog and handler are just beginning Agility competition, they should compete in the Novice A category. If the dog or handler has previously earned a Regular Agility Standard – Novice (RS-N) certificate, a Gamblers Agility Standard – Novice (GS-N) certificate, or a Jumpers Agility Standard – Novice (JS-N) certificate or any of the equivalents from any international style agility association, then they must enter in the Novice B category for that particular class.

Open Level

The open level is for dogs which have earned a Novice title in that particular class.

Elite Level

The elite level is for dogs which have earned an Open title in that particular class.

Titling Classes:

Regular Agility:

In all divisions, certification in the Regular Agility Classes will require thirty (30) points.

Gamblers Class:

In all divisions, certification in the Gamblers Agility Classes will require twenty (20) points.

Jumpers Class: In all divisions, certification in the Jumpers Agility Classes will require twenty (20) points.

NON-REGULAR CLASSES:

Host clubs may offer Pre-Novice classes for dogs over the age of 12 months. Any dog younger than 18 months of age must jump at least 4” lower than their 'standard' jump height.
